Shockwave

Dear Board and Committee Members:

Some issues were raised regarding the air quality of the Tupelo Aquatic Center prior to our hosting the 2016 Southern Zone Senior Championships. Let me assure you, the City of Tupelo is taking every precaution to ensure the safety and well-being of each person who walks into our natatorium.

The developers of this facility, JBHM, and their contractor are completing a thorough examination of the system and should be finished with modifications by April 27, 2016. I am convinced by talking with industry experts that the modifications at the Tupelo Aquatic Center have resolved the air quality issues.

Furthermore, as a precautionary measure, the City of Tupelo has requested the presence of GS Automation during the MSI Long Course Championships and Southern Zone Senior Championships.

Sincerely,

Jason L. Shelton
Mayor
